EDM Association Women Data Professionals Forum Announces

THE WDP MENTORING PROGRAM

The WDP Mentoring team believes that women who have mentors have a better chance of advancing their careers to the level they wish to achieve. With the guidance of the mentors, program participants gain insights on how to navigate, respond, and steer towards positive career outcomes.

The Program will match mentees and mentors into groups who will meet four times between March and the end of May. The program will also include attendance at a prep session before the program begins and a wrap-up event in June.

Participants will commit to 6-7 hours over the course of the 4 months from March to June.

Eligibility for Mentees:
Women who have work experience and have a desire to learn from their peers.

Eligibility for Mentors:
Individuals with 20+ years of work experience
